Update June 2013

I would like to take this opportunity to welcome you to our Retailer Reference Guide. This guide has been compiled to offer you an insight into Ulster, our core values, and our long-term commitment to our retailers and to the industry.

We have made significant investments in new ranges and refreshed some of our existing ranges and this guide showcases the entire Ulster offering accompanied by stunning room set and close up photography.

I know that at Ulster we are extremely fortunate to have such good relationships with our retailers and, indeed we can count many of you as our friends. I thank you for your continued support over the years, and assure you that we are clearly focused on strengthening those valued relationships going forward.

Behind the Brand

The History

Ulster Carpets was founded by George Walter Wilson (pictured) in Northern Ireland in 1938 and is still privately owned by the founder's family. Ulster has taken the positive attributes associated with being a Family-owned establishment and combined them with a Forward-thinking, global approach to business. The result is a technologically advanced, service-driven company with flair, flexibility and a passion for quality.

Manufacturing in the UK & Ireland Since 1938

All of our woven carpets are manufactured in Northern Ireland, in one of the most technically advanced carpet weaving plants in the world. In recognition of the PSYLO™ weaving technology we developed, we received the prestigious 'Queens Award for Enterprise'.

Ulster & the Environment

We take our commitment to minimising our impact on the environment very seriously, and were one of the earliest textile companies in the UK to achieve environmental management certificate ISO14001 back in March 2000.

In 2008 we were the first textile manufacturer in the UK & Ireland to achieve the 'Carbon Trust Standard' for significant reductions in our carbon emissions. Since then we have taken this a step further and 100% of our post production waste is now reused or recycled. Our aim is for our manufacturing to be carbon neutral by 2020.

Quality Assurance

All of our yarn is manufactured in our own spinning plant in Dewsbury, North Yorkshire, enabling us to have total control over the quality of yarn and long-term security of supply.

Our woven carpets are quadruple-sheared and inspected three times, and all of our stock ranges have been upgraded in the last five years to a heavier weight 2 ply yarn. This improved yarn will enhance the durability of the carpet and its lifespan.

Efficient Service

Our location within the UK and Ireland means we are well placed to offer a timely and efficient service. More than 95% of our product can be serviced immediately from extensive stockholdings. Once recieved, over 90% of orders are delivered within 5 working days to anywhere in the UK and Ireland.

Our local, award-winning Customer Services Team (pictured) are on hand to process orders and assist you quickly with any Ulster-related enquiries.

Cost-Effective, Colour-Matching Multi-Widths

All our ranges are offered in colour-matching multi-widths, minimising waste and enabling the most cost-effective installation of our carpet to any floor space. Our woven axminster products (with the exception of Elements) are available in 4.57m, 3.66m, 2.74m, 1.83m and 0.91m widths, while all woven wilton and tufted products are available in 5m, 4m, 3m, 2m and 1m widths.

All widths will colour match if requested when the order is placed.

Contract Focus

In addition to our extensive stock offering, Ulster is a global market leader with unparalleled experience in the planning, design and manufacture of bespoke woven axminster carpet for the contract market.

Our unique PSYLO™ weaving technology and the resulting capabilities sets Ulster apart and enables us to work with contract clients around the world in providing first class products and service at every stage.

Ulster has supplied prestigious hotels including The Savoy, London (pictured) - Four Seasons George V, Paris - The Ritz Carlton, Toronto and the King Abdullah Convention Center in Saudi Arabia.

Anatolia is a quality woven axminster range that delivers style and elegance. A flowing stair runner, a subtle scroll or an opulent medallion design can provide the inspiration for any living space.

Anatolia offers versatility and has the ability to look timeless elegant in one setting and expressively modern in another.

Available in eleven different colourways and four designs, Anatolia can create an aspirational yet attainable look.

Anatolia Medallion - Note to Retailers

For those consumers who wish to use the medallion design on their staircase, please advise that the medallion element is not centralised within the overall design. To counteract this, please recommend the following:

- Use the runner design, as the medallion is centrally positioned
- The versatility and even distribution of the scroll design sits perfectly on a staircase

Alternatively, if neither of these options are applicable, a 1.83m wide cut will be needed from which the required width will cut to ensure the medallion is centered. Ulster Carpets is not responsible for the subsequent extra cost.

What is Open Spaces (Laneve)?

Ulster Carpets, working in partnership with Wools of New Zealand, have developed two 100% New Zealand wool, tufted (loop pile), Laneve ranges - Open Spaces (Laneve) Auckland and Open Spaces (Laneve) Queenstown.

Open Spaces Auckland, a plain rib range, comprises of six colourways. Accompanying this is the Open Spaces Queenstown range, a textured two-tone rib also available in six colourways.

Manufactured in Denmark by danfloor (an Ulster Group Company specialising in the manufacture of tufted products), the Open Spaces Auckland and Open Spaces Queenstown ranges utilise a dense loop pile texture to create a natural contemporary floor covering that is also soft and warm.

What Does the Brand Represent?

In choosing any of these Wools of New Zealand Laneve products, the consumer is purchasing a luxurious 100% wool carpet, traceable back to individual farmers (via Wools of New Zealand fully-integrated supply chain) who must meet a comprehensive range of environmental, social responsibility and animal welfare standards.

Upon purchase customers will be eligible to receive a "PROVENANCE PACK" from Wools of New Zealand.

This pack contains a certificate of authenticity and a unique batch reference. Consumers will then be able to enter this reference on the Wools of New Zealand website and trace the wool in their carpet back to the farms where the wool was grown.

Runners

Athenia - Runner Black (91/2711) & Motif Black (91/2707)

Ulster provides a wide selection of woven axminster runners in designs that range from the traditional to the contemporary.

Available in 0.91m or 0.69m wide, a runner is the perfect way to continue a co-ordinated look throughout the home and over various levels.

Alternatively runners can be used independently to create a statement on a stairway or along a corridor.

For those consumers who wish to use the medallion design on their staircase, please advise that the medallion element is not centralised within the overall design. To counteract this, please recommend the following:

- Use the runner design, as the medallion is centrally positioned
- The versatility and even distribution of the scroll design sits perfectly on a staircase

Alternatively, if neither of these options are applicable, a 1.83m wide cut will be needed from which the required width will cut to ensure the medallion is centered. Ulster Carpets is not responsible for the subsequent extra cost.

Colour Co-ordination

The sheer volume of products on the market can make the job of co-ordinating your carpets seem an endless and often overwhelming task.

Our recently-launched ranges have been designed to co-ordinate beautifully with our magnificent selection of plain carpets.

The following pages include just some of our favourite product combinations, designed to provide inspiration and guidance on how to create an Ulster scheme which flows from room to room.

For a full list of co-ordination options please visit www.ulstercarpets.com/colourco-ordination

Technical Information

NOTE* The tog rating is calculated using carpet tog + underlay tog - 1.

e.g. Sheriden (1.50) + Underlay (typically 1) - 1 = 1.50. All of our carpets are suitable for use over underfloor heating in combination with an appropriate underlay.

Additional Information

Retailers & Consumers

Ulster strives to provide you, our retailers and consumers, with the best possible service; we offer a range of tools to assist with that all-important purchasing decision.

Ordering Samples

At Ulster we know that seeing an image in a brochure is nothing like holding and feeling our actual product in your hand. Samples are of crucial importance to both you - our retailers - and to our consumers. Often the inspiration for interior decoration (as well as essential tools in the matching of already-purchased furnishings and accessories), samples are core elements in the carpet decision-making process.

We have created an extremely high-calibre sample request service, ensuring prompt service for the consumer. Each sample is professionally presented in branded packaging and can be posted directly to you or to the consumer. Delivery is guaranteed within 5 days of placing the sample request, however in most cases samples should arrive within 2 days.

Samples can be ordered by emailing samples@ulstercarpets.com or via our website.

Our Website (www.ulstercarpets.com)

Ulster's website offers a great wealth of information, and is a one-stop shop for everything you need to know about Ulster. It is an informative tool for both retailers and consumers; its enhanced features enable users to search for a specific style, range or colour of carpet, or to gain some general advice on decorating. The site is designed to clarify each of the aspects consumers tend to take into consideration when shopping for carpet.

Please ensure you are listed on the site as an Ulster stockist by contacting us at marketing@ulstercarpets.com.

Aftercare

We know that customer service doesn't stop with the purchase, and as you know, no matter how often carpets are vacuumed and how many protective mats are in place, spots and stains will occur now and then.

Ulster have put together an aftercare guide to deal with these occurrences, which can be viewed on our website www.ulstercarpets.com. We hope that this will serve as a useful reference tool for you, our retailers, and our consumers.

Additional Information

Retailers

Ulster continually researches and invests in different ways of keeping our retailers up-to-date. Aimed at the growing number of IT-savvy retailers, we would like to draw your attention to the following.

Retailer eNewsletter

Do you receive Ulster's Retailer eNewsletter?
If not please sign up by emailing enewsletter@ulstercarpets.com.

The eNewsletter is a great way of promoting the latest happenings at Ulster and falls in line with our eco-friendly policy of reducing the volume of printed material we produce.

Web Service

As always, our Customer Service Team will be happy to assist you in any way.

Alternatively, why not try Ulster's Web Service? This will serve as an effective tool to facilitate your relationship with the consumer, and is available 24 hours a day, 7 days a week. Such an innovative service tool has proven especially useful at weekends, when the Customer Service Team is not on hand to answer queries directly.

The stock enquiry facility enables you to search by either stock range, design, width or by matching batch with information also available on future planned stock dates. You can also place orders online, and track your orders from placement to delivery.

If you are not already a member of Ulster's Web Service simply visit www.ulsterwebservice.com, click 'Register' and follow the simple steps.

Scanning this QR code will take you directly to www.ulstercarpets.com. More information on QR Codes can be found on page 77.
